Thank You

for a great year

Family Participation

Closer to Nature walk

Take a walk as a family, maybe a walk on the beach, a walk in the park, on the closest bike path, or even in your neighborhood. During the walk encourage your child to be observant, talk about what you see and hear. When you get home have your child draw a picture of what they seen on their walk or make a collage of what they found. They can bring their picture to school to share with their friends.
